

HELIXFORGE COORDINATED VULNERABILITY DISCLOSURE & SECURITY POLICY

Company: HelixForge, Inc. (Austin HQ, Dublin, Singapore)

Fiscal Year: 2026 | Effective Date: February 1, 2026

Executive Sponsor: Elena Voss, CISO (elena.voss@helixforge.example)

1. Vulnerability Disclosure Overview

This policy outlines HelixForge's Coordinated Vulnerability Disclosure (CVD) principles, CVE assignment authority, and patching SLAs.

2. Key Commitments:

- 90-Day Embargo: Standard 90-calendar-day remediation window for responsible external security disclosures.
- CNA Authority: HelixForge issues official CVE identifiers for proprietary inference and agent runtimes.
- Remediation Deadlines: Critical CVEs patched within 7 days; High CVEs patched within 14 days.
- Safe Harbor: Full legal protection for security researchers operating within defined ethical boundaries.
