

HELIXFORGE SOC 2 TYPE II COMPLIANCE OVERVIEW & TRUST CRITERIA

Company: HelixForge, Inc. (Austin HQ, Dublin, Singapore)

Fiscal Year: 2026 | Effective Date: February 1, 2026

Executive Sponsor: Elena Voss, CISO (elena.voss@helixforge.example)

1. Executive Summary

This document provides the formal SOC 2 Type II compliance framework covering Security, Availability, and Confidentiality trust services criteria across all HelixForge infrastructure.

2. Key Control Commitments:

- Access Control: Mandatory YubiKey 5C NFC hardware authentication with 8-hour maximum standing session TTL.
- Encryption: AES-256 at rest and TLS 1.3 in transit across US, EU, and APAC clusters.
- Incident Management: SEV-1 notifications published within 15 minutes; post-mortems delivered within 72 hours.
- Disaster Recovery: Semi-annual simulation drills adhering to Tier 0 (RPO <= 1m, RTO <= 15m) and Tier 1 (RPO <= 15m, RTO <= 1h) metrics.
